

Careers

IBAK is a medium-sized, very successful company which, with more than 200 employees at its sites in Kiel and Illerrieden/Ulm, designs, manufactures and sells systems for the inspection of pipes, wells and boreholes. Our products make an important contribution to environmental protection.

Committed, qualified employees are our great strength. Their know-how, their motivation and their initiative are essential to the success of our company. Do you want to be part of this success?

We can offer you a challenging assignment with lots of personal responsibility in a future-oriented, soundly developed company.
